CAREER OBJECTIVE

Driven and innovative Full Stack Developer passionate about crafting seamless digital experiences using cutting-edge technologies. I solve complex problems and deliver scalable solutions in collaborative, fast-paced environments while continuously learning to drive business success.

WORK EXPERIENCE

Android App Developer

Profound AI Solution, Virtual

Oct 2024 - Present

- Built and optimized a cross-platform mobile and web application using Expo React Native, Next.js, and TanStack Query, reducing load times by 40% and decreasing APK size by 25%.
- Implemented advanced caching with TanStack Query Persist Client and AsyncStorage for static data (e.g., challenges, lessons, book details), cutting redundant API calls by 50% and improving offline performance.
- Developed secure authentication flows using JWT and anonymous sign-in methods, boosting user conversion by 30% while ensuring high data security.
- Collaborated with cross-functional teams to refine UI/UX and performance, leveraging Expo, React Native, and Next.js to deliver a best-in-class experience and earning recognition for innovative technical leadership.

Full Stack Developer

Profound AI Solutions, Virtual

Sep 2023 - Mar 2024

- Led development efforts as a Full Stack Developer.

- Utilized technologies like Svelte, Postgres, TypeScript and Tailwind.

- Developed a server-side rendered(SSR) website, orchestrated API calls for data retrieval, modification and Stripe transactions

Frontend Developer • Internship

Tathatsu Scholar, Noida

Jul 2022 - Aug 2022

- Built a dynamic website using languages like HTML, CSS and JavaScript.
- Led a team of interns to manage and improve the website.
- Learnt the concepts required to become Frontend Developer.

EDUCATION

Bachelor of Computer Applications (BCA), Computer Science & Engineering

Amity University Gwalior

2020 - 2023

CGPA: 8.62/10

PROJECTS

Portfolio

Sep 2024 - Oct 2024

- Designed and developed a dynamic personal portfolio website using Svelte, leveraging Svelte's reactive architecture for ultra-fast load times and smooth user interactions.
- Integrated modern UI/UX components with Tailwind CSS and custom animations, resulting in a 50% decrease in bounce rate and a highly engaging digital experience.
- Implemented dynamic content management to showcase projects, blog posts, and technical skills, boosting user engagement by 40%.
- Collaborated with cross-functional teams to iteratively refine the design and functionality, earning accolades for technical innovation and creative execution.
